## **Profile**

Harry Beyer joined Stiles Harold Williams in May 2016 and is currently based in the Brighton office where he assists with building surveying instructions and projects across the south east, whilst working towards completing the APC and achieving chartered status.

Harry gained a BSc Honours Degree in Building Surveying from the University of Brighton and has since been working in the consultancy sector in a number of surveying roles covering a wide range of core building surveying duties, building his knowledge and experience in a number of surveying competencies.

Prior to working for Stiles Harold Williams Harry was employed by Strutt and Parker LLP as a building surveyor working on a large range of residential and commercial projects.

## ***Project Experience***

Harry has experience in a large number of building surveying services and has worked on a wide variety of residential, commercial and listed properties for both individual and commercial clients.

Clients have included: property managers, individual landlords, tenants, and private sector companies.

During his professional career Harry has been involved with various instructions, including:

- Architectural Design
- Building Surveys/Pre-Acquisition reports
- Defect Analysis
- Party Wall Issues
- Conservation and Listed Building Advice.
- Dilapidations
- Reinstatement Cost Assessment
- Refurbishment/Alteration Works
- Repair and Maintenance Works

## ***Employment History with SHW***

Graduate Surveyor – 2016
